BAD! BAD!! BAD!!!

Bad blood comes from bad digestion—bad stomach, bad liver, bad kidneys—attended with bad, foul breath, coated tongue, bad taste, bad headaches, bad appetite and kindred symptoms. Bad as these all are, and serious as are the diseases to which they lead, Dr. Pierce's Golden Medical Discovery comes to the relief and cure of all these by regulating and invigorating STOMACH, LIVER, BOWELS and KIDNEYS; and putting all these organs in good order.

"Golden Medical Discovery" contains no alcohol, opium or other harmful drugs; neither does it contain sugar or syrup, which are injurious to some stomachs. Without any of these it retains its pleasant taste and marvelous healing qualities in the most trying climate. Don't let a selfish medicine seller cheat you out of your health by giving you a substitute. He's only looking out for a larger profit, not for your good. Shun him. Honest, unselfish dealers recommend the "Golden Medical Discovery."

"That your remedies are not for the few, but for the *many* is evident, for I personally know of many scores of persons in this city who have been restored to health and strength by your medicines," thus writes Henry Landsheft, Esq., Alderman in 17th Ward, Buffalo, N. Y., of 1204 Jefferson Street. "I know that Dr. Pierce's Golden Medical Discovery is most valuable in cases of derangement of the liver, having taken the medicine some two years ago when I had a bad attack of liver trouble, and I never used a medicine before that did me so much good. I have known Dr. Pierce for twenty-six years, and do not wonder at his success, for he is a physician and man of sterling qualities, is possessed of extraordinary skill, and he has in his Sanitarium a corps of Specialists who are chosen because of their unusual knowledge and professional skill."

If suffering from any obstinate, lingering ailment, write to Dr. Pierce and get, free of charge, sound medical advice. He has the counsel and assistance of a large staff of expert specialists.

The People's Common Sense Medical Adviser, by R. V. Pierce, M. D., Chief Consulting Physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. Paper-bound FREE on receipt of 21 one-cent stamps for mailing *only*; or cloth-bound for 31 cents. Address the Author, as above.

WASHING WITHOUT WATER

Is Like Trying to Get Rid of Dandruff Without Herpicide.

Did you ever see any one trying to wash themselves without soap or water?

If you did what would you say of him?

It is every bit as foolish to try to get rid of Dandruff and to prevent Baldness by feeding the germs which cause it, with Cantharides, Vaseline, Glycerine and similar substances which form the principal ingredients of most so-called Hair Vigors.

Newbro's Herpicide is successful because it attacks and kills the parasitic germ which feeds on the hair roots.

It is the original and only genuine scalp germicide manufactured.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

STRONG Again

is what Mrs. Lucy Stovall, of Tilton, Ga., said after taking Kodol Dyspepsia Cure. Hundreds of other weak women are being restored to perfect health by this remedy. YOU may be well if you will take it.

Indigestion causes nearly all the sickness that women have. It deprives the system of nourishment and the delicate organs peculiar to women suffer—weaken, and become diseased.

Kodol Dyspepsia Cure

enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten. It nourishes the body, and rebuilds the weak organs, restoring health and strength. Kodol cures indigestion, constipation, dyspepsia, sour risings, belching, heartburn and all stomach disorders.

Digests What You Eat

RIOTING IN POLAND.

The Hebrew rioting was renewed in Warsaw yesterday morning and continued throughout the day, the police looking on as though the matter did not concern them. It is stated that 20 were killed and 100 wounded Wednesday, and nearly as many were killed and wounded yesterday.

The fact seems to be that a low class of Jews there largely control the disreputable houses and other shady concerns, but submit to heavy blackmail by the police as the price of conducting these places without interference. They are also employed as police spies. The respectable Hebrews have been for a long time incensed at the stigma their race thereby incurred, and finding there was no hope of obtaining redress from the authorities, decided to take the law in their own hands.

Since the alleged unprecedented internecine outbreak the lynchers are organized into a Jewish socialist band. They observe a kind of self-constituted legality in their operations. They conspicuously refrain from plundering, but apart from this limitation they proceed with brutal ruthlessness. Houses marked for destruction are broken open with axes, and furniture and other property is thrown into the streets, where it is battered into fragments. Even jewelry is not stolen, but is hammered into shapeless masses and left in the streets. The occupants of the doomed houses are shot or stabbed as they flee or are dragged from their hiding places and beaten.

Late yesterday evening a mob raided expensive Jewish flats in an aristocratic quarter, always discriminating in their selection of chosen places. Pianos, mirrors, costly furniture, bedding and ornaments were hurled into the street where the mob had left a clear space for the things to fall. Then axes and hammers were used to reduce the pile to a mass of wreckage.

Eventually the troops made a faint show of interference. Cossacks fired into the crowds at a number of places, wounding a few, but on the whole the raids were not interrupted, a number of well-dressed persons, including officers watching them.

The most disquieting news regarding the internal situation and of the renewal of hostilities between Armenians and Moslems in the southern Caucasus has reached St. Petersburg. Simultaneous with the assassination Wednesday of Prince Nakachidze, governor of Baku, came information that the province of Enrivan is aflame with racial strife.

The villagers there are arming themselves with bombs and revolvers, and are gathering in hostile camps, paying no heed to the efforts of high officials of the church and state to restore peace. Several encounters have already taken place, in which seven persons were killed and a number wounded. Further bloodshed is feared, as the number of troops there is inadequate for the preservation of order. The government is sending reinforcements.

At Gomel, where anti-Jewish riots took place last year, a collision is reported between striking workmen and Cossacks, in which one workman was killed and several wounded.

Express Companies Will Not Recede.

That the express companies will not recede from the position they have taken in connection with the teamsters' strike in Chicago was the statement made yesterday in New York by United States Senator Thomas C. Platt, president of the United States Express Company. The Senator explained at length the attitude of the affected companies and concluded with the positive statement that the striking drivers in Chicago would not be re-employed.

"The wagon men in Chicago left the express company's service at the demand of the Teamsters' Union," said the Senator, "and in so doing they not only violated the union contract with the express company, but what is of more importance, they violated their signed agreements with the express company.

"Their action materially affected the ability of the express company to discharge its public duties and caused serious loss and damage. Such men cannot, in the very nature of things, be taken back into the express company's service, nor is it at all possible for the express companies to discharge their public duties by employing any men in their places who would act in the same manner. It must be understood that the express companies occupy the position of public servants and they consider themselves under legal obligations to transport the property which is offered them for transportation, and under moral, if not legal, obligations to deliver it at points where they have delivery service.

"The consequences of interruption in the express service and of impairment of its ability to safely and promptly discharge its obligations are of the most serious character, since any such interruption of service is highly injurious to the public welfare. The express companies cannot discharge their public duties without the aid of efficient and trustworthy employes, and among these employes the wagon men occupy a most important position.

"The express company is absolutely dependent upon their prompt and efficient service to deliver shipments to the public, to collect the shipments the public desires to make, to sign receipts for shipments, thereby imposing a legal contract upon the express company; to collect large sums of money, and to discharge other and important duties. Manifestly, the express company cannot intrust its business to men who are liable at the demand of a union to break their agreements with the express company and refuse to discharge their duties. Any such condition of affairs would simply produce chaos. The public character of the express company cannot be ignored or set aside by specious arguments and appeals to prejudice, nor is it possible to place its wagonmen upon a parity with the wagonmen employed by coal dealers, lumber dealers, or any other private enterprise. The express companies cannot by virtue of their public character take part in disagreements in other lines of labor any more than the police force of a city, or the firemen of a city, or the soldiers of the United States army could take part in or be influenced by quarrels or disagreements in the labor world. The express companies must maintain a purely neutral attitude in all such matters and discharge their public duties without fear or favor."

Man's Reasonableness

is often as great as women's. But Thos. S. Austin, Mgr. of the "Republican," of Leavenworth, Ind., was not unreasonable, when he refused to allow the doctors to operate on his wife for female trouble. "Instead," he says, "we concluded to try Electric Bitters. My wife was then so sick she could hardly leave her bed, and five [5] physicians had failed to relieve her. After taking Electric Bitters she was perfectly cured and can now perform all her household duties." Guaranteed by E. S. Leadbeater & Sons, druggists, price 50c.

Chamberlain's Cough Remedy the Very Best.

"I have been using Chamberlain's Cough Remedy and want to say it is the best cough medicine I have ever taken," says Geo. L. Chubb, a merchant of Harlan, Mich. There is no question about its being the best, as it will cure a cough or cold in less time than any other treatment. It should always be kept in the house ready for instant use, for a cold can be cured in much less time when promptly treated. For sale by Gibson & Timberman and W. F. Creighton & Co.

There Is a Difference.

The difference between Kennedy's Laxative Honey and Tar and all other Cough Syrup is that it moves the bowels, thus expelling a cold from the system. This relaxes the nerve-tissues and by its healing effect on the throat and lungs the cough is relieved—cured entirely. Kennedy's is the original Laxative Honey and Tar and contains no opiates. Good alike for young or old. Tastes good. Sold by W. F. Creighton, 401 King street, and corner Queen and Patrick street.

A TRULY IDEAL WIFE

HER HUSBAND'S BEST HELPER

Vigorous Health Is the Great Source of the Power to Inspire and Encourage —All Women Should Seek It.

One of the most noted, successful and richest men of this century, in a recent article, has said, "Whatever I am and whatever success I have attained in this world I owe all to my wife. From the day I first knew her she has been an inspiration, and the greatest helpmate of my life."

Mrs. Bessie Ainsley

To be such a successful wife, to retain the love and admiration of her husband, to inspire him to make the most of himself, should be a woman's constant study.

If a woman finds that her energies are flagging, that she gets easily tired, dark shadows appear under her eyes, she has backache, headaches, bearing-down pains, nervousness, whites, irregularities or the blues, she should start at once to build up her system by a tonic with specific powers, such as Lydia E. Pinkham's Vegetable Compound.

Following we publish by request a letter from a young wife:

Dear Mrs. Pinkham:

"Ever since my child was born I have suffered, as I hope few women ever have, with inflammation, female weakness, bearing-down pains, backache and wretched headaches. It affected my stomach so I could not enjoy my meals, and half my time was spent in bed.

"Lydia E. Pinkham's Vegetable Compound made me a well woman, and I feel so grateful that I am glad to write and tell you of my marvelous recovery. It brought me health, new life and vitality."—Mrs. Bessie Ainsley, 611 South 10th Street, Tacoma, Wash.

What Lydia E. Pinkham's Vegetable Compound did for Mrs. Ainsley it will do for every sick and ailing woman.

If you have symptoms you don't understand write to Mrs. Pinkham, at Lynn, Mass. Her advice is free and always helpful.

AND VIRGINIA ADVERTISER

FRIDAY EVENING, MAY 26, 1905.

IT IS BELIEVED that a common ground upon which to frame a railroad rate making bill has at last been reached between the railroad interests and the Interstate Commerce Commission. A compromise plan is in process of development. The matter is now in the hands of the members of the commission. It is thought their view will be embodied in a bill to be presented to the Senate committee on interstate commerce within a few weeks. The only question is as to the exact scope of the proposed rate making power. The railroad interests and their friends in Congress will never submit to the enactment of legislation that will give the commisaion the power to initiate a rate. The President and the membersof the Commission will not be satisfied with less power than that of permitting the effective declaration of a just and reasonable rate where a challenged rate has been held to be unjust and unreasonable. If the railroad rate advocates will accept legislation that, while giving to the Commission the rate making power, will yet clothe it about with such limitations as will afford the railroad a reasonable time in which to invoke a legal remedy before a declared rate may become effective, it isbelieved by Senators, who are known as warm defenders of the railways, that the solution of the problem will have been solved, and that the necessity for an extra session of Congress in October will have been obviated. This attitude of compromise has been brought about by the recent denunciation by the members of the Interstate Commerce Commission of the alleged unfair position taken by the railway interests before the Senate committee. The presentation of the commission side of the case supported by the production of evidence in controverted cases has brought some wavering members of the Senate committee to a realization that whatever abuses exist at present is due to the inaffectiveness of the Interstate Commerce law. After the testimony has been briefed, the Senate committee will set about the formulation of a bill to meet the growing demands for further railroad regulation. The members are a unit in declaring that the private car, terminals and elevators shall be included within the new interstate commerce regulations.

IN HIS Confederate Memorial Day address in this city on Wednesday Major Holmes Conrad said:

No Yankee ideas have taken root in this section, except one which is to be deplored. What would have been thought of R. M. T. Hunter and James M. Mason had they been seen going about the State begging people to vote for them as candidates for the United States Senate? This is a degrading innovation from another section that should be eliminated.

Over two years ago Senator Martin, while on a visit to friends in this city and in conversation with the writer of this paragraph, gave utterance to the same sentiment. He said if the democratic State committee ordered a primary election for U. S. Senator and the people wanted a primary he would not oppose it, but he believed such an election would lower the dignity of the position and the idea of men who were candidates for this high office being compelled to go about the State making speeches and soliciting votes was very distasteful to him. "But," he added, "this will come under the primary plan."

MR. ANDREW CARNEGIE'S offer of $1,500,000 to build a temple of peace at The Hague was quite characteristic. But in order that the gift might be in keeping with his other benefactions, he should have made it on the condition that as the originator of the movement for a peace tribunal, the Czar should contribute a like sum.

THE CHIEF OF POLICE of Manchester has issued an order directing all unemployed men to go to work at once, leave town or be put in jail. What would happen if Chief Webster issued such an order in Alexandria?

DOUBTLESS the gentlemen who have had so much to say about the virtues of an elastic currency may be able to work wonders with an elastic deficit.

Positive denials are made by officials here of the reports in St. Petersburg that the United States government has offered to purchase from Russia the island of Saghalien. It is stated that with the possession of the Philippines the United States has all the islands in that quarter of the world that she cares to be burdened with and she is certainly not looking for the additional trouble that would unboubtedly come with the purchase referred to. A proposition from this country to buy Saghalien would be instantly denounced by Japan as an unfriendly act. It is now a Russian penal colony but was formerly a great rendezvous for Japanese fishermen.

The International Waterways Commission has adjourned to meet next at Toronto early next month. The Canadian members will leave Washington to day. At a meeting held this morning, it was decided that the headquarters of the Commission should be at Buffalo when meetings are to be held on American soil and at Toronto when they are to be held on Canadian soil.

The State Department has just received an interesting report from U. S. Consul General Fisher at Tamsui, Formosa, detailing the plans of a Japanese capitalist for the colonization of Texas. The defense in the trial of the four Nonpareil Cork Works men was begun in the United States District Court at Trenton, N. J., this morning and will likely not be finished before tomorrow. President Shea, of the International Teamsters' Union, was yesterday upheld by Judge Kohlsaat in Chicago for refusing to answer questions which might tend to incriminate him, but President Mulligan, of the Express Drivers' Union, and John Donohue, of the same union, were sent to jail in contempt of court. The strike continues, but a number of colored men were unmolested in their work as teamsters on coal wagons.

Bothwell Pulford, reputed to be the wealthiest citizen of Savanna, Illinois, committed suicide yesterday a few moments after being questioned regarding the whereabouts of a revolver with which he was suspected of having slain Attorney Daniel S. Berry, former leading member of the Illinois legislature. Pulford had denied any knowledge of the killing of Berry, but became agitated when questioned concerning the revolver. The story has been widely circulated that Berry was killed as a result of attention paid by him to a married woman. Pulford, on arrival at his store yesterday, found a newspaper man waiting for him with queries as to the revolver. As soon as the interviewer had left, Pulford hurried home, and, going to the hay loft of his barn, shot himself dead.

Maryland Democrats.

The Maryland democratic State central committee met in Baltimore yesterday at the Eutaw House, decided to hold the State convention no later than September 20 and took steps for an aggressive campaign.

The meeting was marked by an attendance exceeding that at any former gathering of the kind held in a generation. Party leaders and workers, big and little, from every county of the State, as well as from the city, assembled early at the hotel. Long before the appointed hour the lobby and corriodors humored like a beehive and space was at a premium. In the crowd were seen the faces of many well-known democrats who have not appeared at a committe meeting in years. Senator Gorman was the central figure of the assemblage, and the room to which he retired upon reaching the hotel was the Mecca for the other leaders, with whom he conferred in reference to the date of the convention and the text of the resolutions. Dividing attention with Mr. Gorman was Senator Rayner, who was given a warm reception by the county people and who said it was the first State committee meeting he had ever attended. As soon as Mr. Gorman heard of his arrival he sent for him to come to his room, and the two Senators conferred for a while apart.

Sitting On the Lid.

Bernice Evans, a farmer, of near Hagerstown, Md., read to his family a story to the effect that Secretary Taft was sitting on the lid while President Roosevelt was in the West, and his 4-year-old daughter Geraldine, was very much interested in the story, and asked a number of questions about it.

The father explained it to the child, and thought nothing more of the incident. Later while Mrs. Evans was in the garden she heard her infant screaming, and, rushing into the kitchen, found it seated on the red-hot stove struggling with Geraldine, who was trying to hold it upon the lid. The child's legs and hands were burned nearly to a crisp and when a physician arrived he pronounced the injuries fatal. Geraldine was so scared she could give no reason for placing the baby on the stove.

Newport News	36,692	32,821	10
Roanoke	57 777	49,615	11
Winchester	16,572	16,595	4

Of all these towns Winchester alone shows a slight decrease of receipts.

Everybody's Magazine for June has been received from its publishers in New York, who claim that this second anniversary number is the best they have ever issued. In it is found the crucial instalment of "Frenzied Finance" in which Mr. Lawson gives facts about a conspiracy of which the public has never before heard. Equally vital is Mr. Russell's article answering the Garfield report on the beef trust. There is a novel and entertaining article on "Opper, Outcault & Co." The pencil drawings of the Hudson river are full of beauty. Robert Grant contributes a remarkable story, dealing with one phase of our civilization. Elliott Flower, Katharine Brown, William Bulfin and others help to make up a fine fiction list.

The new armored cruiser Maryland, the second fastest warship of her class in the world, weighed anchored at Newport News yesterday afternoon and proceeded out to sea on her first voyage since joining the United States navy. The cruiser will go direct to Gardiners Bay, L. I., where she will remain for six weeks.

Sylvester Lee, of Orange county, sold his horse at Orange Courthouse yesterday. After paying a few small bills he started to walk home. When about three miles from Orange Courthouse he was held up by three negroes at the point of a revolver and robbed of $87. One of the supposed robbers was captured and is now confined in jail at Orange Courthouse.

STATE BOARD OF EDUCATION.

The State Board of Education adjourned in Richmond yesterday afternoon without reaching a conclusion in the school register investigation, but referred the further investigation to a subcommittee, consisting of Attorney General Anderson, President Lyon G. Tyler, of William and Mary College, and J. T. West, of Norfolk.

The investigation has practically proven the contention, made by J. D. Eggleston, who preferred the charges, that the teachers of Virginia were made to pay an exorbitant price for the school register, and that J. T. Thomas, superintendent of the Richmond High School, has violated the State school law by publishing the book for profit.

It is generally believed that whether J. A. McGilvray, assistant secretary of the State board, clears his skirts of all pecuniary connection with the school register or not, the affair has greatly damaged his candidacy for State superintendent of public instruction, and that Mr. Eggleston, his opponent, scored strongly.

In executive session the board elected the following superintendents:

P. H. Williams, Tazewell county.

D. P. Willis, Fredericksburg.

George B. Jenkins, re-elected to Greene county.

Rev. Robb White declining, T. N. Berry, Madison county.

Dr. T. W. Dew, Spottsylvania county.

The protest against the consolidation of the city of Winchester and Frederick and Clarke counties was considered and a rearrangement made. Winchester and Frederick were consolidated, with M. M. Lynch as superintendent, and Clarke kept separate, with C. G. Massey, as superintendent.

Trolley Crash.

William Stembler is dead and forty-seven persons are injured as a result of the collision of two trolley cars returning from Westport, a suburban resort center near Baltimore, early yesterday morning. Others of the victims of the accident are expected to die. The last car but one had started for the city, stopping at the Western Maryland Railroad crossing while the conductor made certain that no train were approaching. The railroad crossing is at the bottom of a steep grade, and down this the last car for the city was approaching, when the brakes failed to act. Gathering momentum at every foot, this car crashed into the one standing at the bottom of the hill. The two were totally wrecked, and the fatalities would doubtless have been much more numerous but for the fact that the cars were of the open pattern used in summer.

Costly English Castle.

A dispatch from London says that William Waldorf Astor is working wonders at Hever Castle, Kent, which he purchased recently. It is popularly estimated that he is spending upon its restoration and surroundings $6,250,000. He has in his employment there 1,000 men. A roadway that hitherto had passed close to the moat that surrounds the old castle has been diverted to a distance that will prevent people who may use the road from obtaining the slightest view of the castle. Formerly it was one of the show places. Now, like Cliveden, Mr. Astor's place in Buckinghamshire, it is absolutely shut. Photographers are barred from the estate, and the other day a well-known peer was not allowed to take a snapshot. A 50-acre lake is being made on the estate, and also an old-time model village.

Today's Telegraphic News

The Fleets.

Tokio, May 26.—It is believed here that the action of the Russians in sending the fleet of volunteer cruisers and colliers to the mouth of the Yangtse river, as reported from Shanghai, is a part of the plan of diversion made by Admiral Rojestvensky in the hope of drawing off a portion of the Japanese fleet. It is possible, however, that the Russians have planned to intern the slow vessels of the fleet in neutral ports and that the swifter vessels will then withdraw from the fighting zone. Unless the movement of the volunteer fleet toward Shanghai is for the purpose of diversion this theory seems likely. No information has been received here as to the whereabouts of Rojestvensky's main fleet. Opinion is divided as to whether he has entered the Pacific ocean or has returned to the ports along the lower Chinese coast. The position of Admiral Togo's fleet is likewise kept secret. The people are confident, however, that no matter what may come the Japanese fleet will give a good account of itself and that in case of a general fight the victory will rest with Togo and his men.

London, May 26.—A dispatch from Tsingtau, China, says that the entire Russian fleet is assembled at Woosung, just above Shanghai, at the mouth of the Yangtse river. The German squadron at Tsingtau is said to be preparing for eventualities.

The appearance of Admiral Rojestvensky at Woosung is a great surprise, as he was generally believed to be in the Pacific ocean.

Woosung is comparatively close to Masampo, where it is reported Togo has had his base for at least a week. In coming to Woosung, it is believed that Rojestvensky is seeking his adversary and is prepared to offer him battle at the earliest possible moment.

There is little doubt that Togo has been kept well informed of Rojestvensky's movements, and this explains why he has held his present base. He is doubtless prepared and will land blow for blow if Rojestvensky dares an attack.

The daring of the Russian Admiral in sailing directly into Japanese waters leaves little doubt that the long expected battle will be fought before many days, perhaps even within a few hours. Rojestvensky was reported some time ago as saying that his trip to the far East was for the purpose of meeting Togo and the battle would for him mean either victory or death. His actions would seem to show that he meant what he said, at that time. The first of the Russian vessels appeared in the neighborhood of Woosung last night when five volunteer cruisers with colliers appeared at the mouth of the Yangtse river. A cruiser accompanied the volunteer fleet and it subsequently disappeared. The balance of the fleet made its appearance suddenly today. Little significance was attached to the appearance of the volunteer fleet at first, as it was thought that at the most the vessels had been sent to a pert to obtain information, if possible, in regard to the whereabouts of the Japanese fleet. In the light of the developments of today, however, it can be seen that Rojestvensky evidently had planned making for Woosung for some time.

Immense quantities of supplies have been received at Woosung in the last few weeks and these, it is now known, are for the Russians. This shows the care with which Rojestvensky has planned his movements.

Rejestvensky may delay at Woosung to take aboard the supplies and to coal his vessels. If he does this it will require several days. In that event the battle will be delayed. If on the other hand the Russian commander puts to sea again immediately the meeting of the Japanese fleet could hardly be delayed unless Togo runs away from the Russians.

A dispatch to the Central News from Shanghai does not bear out the earlier reports from Tsingtau, saying that the entire Russian fleet is at Woosung at the mouth of the Yangtsi river. All the Russian vessels at Woosung, according to this dispatch, are the five volunteer cruisers whose arrival was reported last night.

Death of Baron Rothschild.

Paris, May 26.—Baron Alphonse Rothschild, head of the great banking house, died at six o'clock this morning. The first intimation that the baron was not in his usual health was received on May 18, when the report started that he was dying, and created a great stir on the Bourse. The next day, after a consultation of physicians, the announcement was made public that the baron was suffering merely from gout and influenza and that there was no cause for alarm. Yesterday there was a sudden change for the worse in his condition and his death followed this morning. The deceased was recognized as one of the greatest financiers of modern times. He was at the head of the Paris branch of the great financial institution which controlled the private and public finances of Europe, and was one of the wealthiest of the Rothschild family, whose wealth has been computed at $450,000,000. Baron Alphonse was more than a financier. He was a philanthropist, philosopher and sportsman, as well as one of the most patriotic Frenchmen who ever lived. His wealth was used to relieve the needy in many parts of the world. An example of his anxiety to relieve distress was given only winter before last, when he gave $2,000,000 for the improvements of the homes of the poor in Paris.

Coolly Sacrificed a Foot.

Philadelphia, May 26.—Caught suddenly by his foot in an automatic switch at Wayne Junction, yesterday, while a train bore down upon him, Brakeman Maximilian Muller, of Philadelphia, deliberately sacrificed his leg to save his life. Muller was flagging a train when his foot caught in the switch. Seeing his peril as the train rapidly approached he leaned to one side and let the cars pass over the foot. He was taken to the Samaritan Hospital, where the foot was amputated at the ankle.

Spain to Build Naval Vessels.

Madrid, May 26.—The cabinet, with King Alfonso presiding, today approved the proposal to build eight armored warships of 14,000 tons, two training ships and five cruisers, in addition to the four cruisers which have just been completed. The strengthening of the navy is a part of the policy of the present government ministers and of the young king, who are determined to raise Spain to the position of one of the really great powers of Europe.

Disorders in Warsaw.

Warsaw, May 26.—As the result of the killing of several policemen during the recent bomb outrages, and the attacks which have been made on such officials by revolutionists armed with daggers and revolvers, when the policemen were caught alone in unfrequented places, wholesale resignations from the police force have occurred. In resigning, the policemen have not hesitated to explain that they prefer to risk dying of starvation in case they cannot get other work, rather than take the chances of assassination at the hands of terrorists, as they believe it means certain death to continue to hold their positions.

The disorders in the Jewish quarter are being kept up today, making the third day that the rioting has continued. Jews of the better class are determined to drive out the evil characters who have brought disgrace on the whole race. Up till today the crusade has been directed altogether by Jews, but today a number of Christians have taken a hand to assist in the purification of the district in which the riots have occurred. Many bad characters have given up the fight and have fled from the city. Others who refused to leave have been severely handled. The police continue to be passive lookers on as the scenes of violence are enacted.

This afternoon the disorders began to take a new turn, and the rioting was carried outside the Jewish quarter. A general crusade against the disorderly houses and cafes in all parts of the city was inaugurated, and disturbances have been reported from several sections. Many have been hurt during the rioting and the hospitals are full of wounded.

A new reign of terror has broken out in the province of Volhynia, where the Jews recently were the victims of an armed attack by Christians, and it is feared that serious trouble will follow. Two Jews have been killed, according to reports received today, and this is likely to lead to fresh attacks. The people on both sides are arming themselves and blood may flow freely. The Jews have been fearful of a new outbreak, and have planned to unite in their defense. Unless orders can be restored at once, street fighting of a serious nature is almost certain to follow.

The Chicago Strike.

Chicago, May 26.—While the teamsters' strike is slowly spreading, the business interests involved and the city officials have stopped to indulge in differences. The lumbermen, whose drivers have left their wagons, insisted this morning upon more policemen being sent with their teams and demanded that their yards be more effectually patrolled day and night. Attorney Victor Sincere, of the Associated Lumbermen, declares that at least two thousand more officers are needed to protect the extensive piles of timber from incendiaries. Mayor Dunne and Chief of Police O'Neill are firm in their belief that they have the situation well in hand and are unwilling to call upon the governor for State troops until it is certain that rioting cannot be controlled locally. All but two of the firms belonging to the lumbermen's association were tied up by the strike and the drivers of these two will quit today. C. H. Shea, the man in command of the teamsters' strike, Thursday was declared by Judge Kohlsaat not to be in contempt of the federal court for refusing to answer questions, and the order against him to show cause why he should not be committed for contempt was discharged. At the same time Judge Kohlsaat held two other union men to be in contempt for refusal to answer questions. They were sentenced to jail until such time as they comply with the order of the court to answer. All three had refused to answer to certain questions on the ground that answers might tend to incriminate them.

Lillian Russell's $2,000 Bet.

Pittsburg, May 26.—Lillian Russell, singing in a theatre here, yesterday wagered $2,000 on Dainty to win the Brooklyn Handicap. Where she got her tip is not known, but she was evidently overcome by the animal's sweet name. Frank Totten, treasurer of the company, on learning on her resolution to bet on Dainty, pleaded with her to take up Delhi, who turned out to be winner. He said he had the proper tip and had placed his only $15 as against Broomstick, the popular favorite here. But Lillian placed her diamond ring as security for $2,000 and hunted up Frank Hathaway, the local bookman. He said it was a shame to take the money as he stowed it away; also $4,000 belonging to Miss Lillian's escort, who was impressed with her financial ability.

Race War in the Caucasus.

St. Petersburg, May 26.—Reports received today show that the disorders which have marked the last two days in the province of Erivan, southern Trans-Caucasia, where a race war between the Armenians and Moslems has been in progress, are being continued. In the town of Erivan yesterday riots occurred in various sections, and shots were exchanged by the factions. The day was marked by the firing of shops and of the central bazaar. At Nakhichevan, a small town in the province, two Armenians were arrested yesterday with bombs in their possession. Bomb throwing is said to have marked the rioting. The troops in the district are not strong enough to deal with the rioters, and reinforcements have been sent to the province.

Beat Wives only in Winter.

Cleveland, May 26.—Carefully kept statistics at the office of the Humane Society testify that husbands are more loving and considerate of their wives in warm weather than in cold. Secretary Ricksecker, of the society, said today: "One reason for this is that work is more plentiful in the summer. Another, that working husbands have less time to loiter about saloons and become drunk. Seventy-five per cent of the cases which come to this office of wife desertion are directly attributed to drink. In summer there is less drunkenness than in winter."

The Kaiser's Cup Race.

New York, May 26.—Latest reports from sea, received to day from the steamer St. Louis, via an aerogram, and the steamer Carpathia place the German yacht Hamburg as farthest east and, so far as known, the leading boat in the ocean race. The Hamburg was about 50 miles farther east than the Atlantic, but the latter was 30 miles farther north and apparently in a better position to strike the coast of England. The Hamburg when sighted was 950 miles east of Sandy Hook.

Philadelphia's Municipal Troubles.

Philadelphia, May 26.—There is a lull today in the political storm which has been raging, but it may be disturbed at any moment by the institution of impeachment proceedings directed against the Mayor. The advisability of the taking of such a step was the subject of discussion at a long conference of the republican leaders, held this morning, but no definite action was announced. Meanwhile, the Mayor and Directors Potter and Acker, the last two reinstated in office by virtue of a Supreme Court writ of supersedeas nullifying the injunction previously issued by the common pleas court, are going quietly about business of their offices. Delegations of citizens from practically every ward are touring the city in automobiles and seeking to coax or coerce the members of councils into supporting the veto of the gas lease which Mayor Weaver will announce tomorrow. So far they have made three converts in Select Council but still need eleven more. In Common Council they have gained five, but still require sixteen. Unless they can proselyte this number the gas lease will be jammed through next Thursday. Tonight a mass meeting will be held in the Academy of Music to protest against the gas steal.

Japanese Concentrating on Russian Left.

St. Petersburg, May 26.—A dispatch from the front says the Japanese are concentrating on the Russian left. The Japanese have also been active in reconnoitering the Russian positions. In one recent expedition of this character the Japanese met a Russian force and lost 278 men who were left in the retreat. The announcement of the concentration of the Japanese on the Russian left is probably the preliminary movement in the general battle, which it is believed is sure to come soon. Field Marshal Oyama has employed the tactics in former battles, of deploying a large force on one of the flanks and opening the attack there, while disposing of the troops for the main attack.

While the first fighting will probably come on the Russian left, this does not necessarily mean that the main attack will be aimed at that point, as the movement is more likely to be a feint to cover the movement of troops and keep the Russians busy until Oyama is ready to hurl his legions against what he considers the most vulnerable position.

Trolley Car Accident.

Augusta, Ga., May 26.—A regular passenger car of the Aiken-Augusta trolley line was wrecked late last night by a wild coal car near Clearwater, Ga., killing two persons and fatally injuring three others. The coal car was attached to a freight which preceded the passenger car at a distance of about a mile. On a steep grade, the coupling broke, releasing the heavy car. Motorman Golden saw the approaching runaway, reversed the passenger car and started back to save the passengers, but the speed of the coal car was too great to escape the crash, which came a minute afterwards.

Election of Supreme Regent.

Atlantic City, N. J., May 26.—The convention of the Supreme Council of the Royal Arcanum has elected Howard C. Wiggins, of Rome, N. Y., Supreme Regent of the order. He is a member of Rome, N. Y., Council No. 150, and has the credit of being the youngest man ever elected to the position. The position of supreme regency carries with it a salary of $5,000 per year and an allowance of $2,200 for clerk hire and office expenses. Mr. Wiggins is prominent in Masonic and Knights of Pythias circles.

Decision Against Equitable.

New York, May 26.—In an opinion handed down today by Supreme Court Justice Maddox, in the suit of Franklin B. Lord against the Equitable Life Assurance Society, the motion of the plaintiff to restrain the adoption of the proposed amended charter of the society is granted, but limits it to the filing and effectuation of such proposed amended charter, as it appears to the court that such contemplated amendment should be adopted and executed by the board of directors.

To Acquire Another Island.

St. Petersburg, May 26.—The correspondent of the Publishers Press has heard many persistent rumors in the last few days to the effect that the American government has proposed to purchase of Russia the island of Saghalien. Russia is reported to be willing to sell the island to the United States. Saghalien or Sakhalien is an island in the sea of Okohotsk, off the east coast of Asia.

Two Men Killed.

Swanton, Vt., May 26.—Two men were killed and one fatally injured on the Central Vermont railway last night by the Montreal Express which overtook them while they were riding on a handcar. The men had been fishing and were returning on a handcar. Near the railroad yard they were overtaken by the Montreal and Boston Express running 30 miles an hour.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucuous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

Why Suffer From Rheumatism?

Why suffer from rheumatism when one application of Chamberlain's Pain Balm will relieve the pain? The quick relief which this liniment affords makes rest and sleep possible, and that alone is worth many times its cost. Many who have used it hoping only for a short relief from suffering have been happily surprised to find that after awhile the relief became permanent. Mrs. V. H. Leggett of Yum Yum, Tennessee, U. S. A., writes. "I am a great sufferer from rheumatism, all over from head to foot, and Chamberlain's Pain Balm is the only thing that will relieve the pain." For sale by Gibson & Timberman and W. F. The Gondoliers.

A performance of Gilbert & Sullivan's "Gondoliers" was given last night at the Opera House by a company from Washington, organized and trained by Mrs. Ophelia J. Hart. A large audience was present. The stage management was excellent in the hands of Mr. Finley S. Hayes. The solos of Miss Daisy Brown as "Casilda," and Mr. Clarence Owens as "Marco," received marked applause. The hidden humor of his part was skillfully brought out by Dr. Frank D. Rice and was appreciated by the audience. Mr. Jerome Desio's work as the "Grand Inquisitor" was especially fine, as was that of Mr. Ralph Reynolds as the "King's Jester." Miss Bessie Brown as "Duchess" and Mr. Arthur Gash as "Duke," gave spirited interpretations of the parts assigned them. The work of the quartette of Gondolieri and Contadine sustained by the Misses Josephine Adams and Marie Rousseau and Messrs. Clarence Owens and Richard V. Dey was received with manifest appreciation throughout the entire performance. The Spanish dance performed by an octette of graceful young girls was a prominent feature. The work of the chorus was spirited and was greatly enjoyed. The rich costuming selected by Mrs. Hart with evident care as to the color combinations and tableau effects could not fail to gratify the most exacting tastes. Mrs. Hart may feel encouraged with the result of her effort.

The Primary Election.

The arrangements for the primary election to be held in this city on Monday next have been virtually completed. The polls will be opened at the usual places in the different wards at sunrise and continue open until sunset. While the candidates for the various positions have not been slow in informing suffragans that they are applicants for certain positions the rank and file of the voters have manifested no special ardor, and it is thought that the vote will be, when compared with that of past years, light. About one-half of the voters of the city have failed to qualify, a large percentage not having paid their capitation tax, while others who have done so have failed to make themselves qualified voters by neglecting to register. Some may not care to go to the trouble to vote. The result of an election under present conditions is hard to foretell, from the fact that a large portion of suffragans are of the "vest pocket" class who for various reasons are loth to tell whom they purpose to support. A large proportion of an element who added excitement to a primary election in by-gone days, are, under present laws, rendered apathetic, and will be conspicuous by their absence next Monday.

Funeral.

The funeral of the late Ella Griffith took place from the large brick house on the west side of Lee street, between Queen and Princess, this afternoon. The remains of the woman as they lay in the casket in the front room were viewed by many persons during the day. There was marked quiet not only in the house but in the vicinity in the presence of death. As the hour for the funeral drew near a number of persons gathered around the house, some probably animated by curiosity, but others through sincere commiseration for the woman whose downward course had ended in self-destruction. The services were conducted by Rev. J. P. Stump and the interment was made in Bethel cemetery.

Double-Tracking Road.

The work of double-tracking the electric railway between Alexandria and Washington is in an advanced stage, and efforts are being made to have both tracks in operation between Arlington Junction and Spring Park, (except a short stretch on the embankment south of Four-Mile run) by Decoration Day. The officials think this can be done. The addition of new motors has rendered the running of trains far more satisfactory then formerly. They generally depart and arrive on time, and when the double-track shall have been utilized the transportation facilities of the road will meet all ordinary demands.

Dog Killed.

"Tatters," a dog belonging to Mr. Thomas Carter, was run over and killed by south bound passenger train No. 15 of the Southern Railway on Henry street yesterday evening. "Tatters" had for a long time worn the belt as canine champion of Henry street, he never having emerged second best in a fight.

Death of a Former Resident.

Miss Mary J. Turner, a former resident of this city, died in Washington yesterday. Her remains will be brought here for interment, and the funeral will take place from Demaine & Son's undertaking parlors tomorrow afternoon at 2 o'clock. Rev. Mr. Stump will conduct the services.

Personal.

Miss Mildred Lee Lozano, daughter of Mrs. Sallie P. Lozano, and Mr. Emmet L. Finks were married at the home of the bride's mother, 114 south Pitt street, yesterday afternoon. Rev. F. J. Brooke, of the Presbyterian Church, performed the ceremony.

Mrs. Charles M. Maigne is in the city for a week, visiting her parents, Mr. and Mrs. F. J. Davidson.

Miss Nora Fowler, of Charlestown, W. Va., is the guest of Miss Bessie Russell on south Fairfax street.

Mr. S. R. Dishman and family have gone to Herndon to spend the summer.

Dr. D. P. McLean, Deputy Collector of Internal Revenue in this city, who has recently been indisposed, has entered the Alexandria Hospital for treatment.

Elmer Spittle and Sylvern Laupheimer, of this city, have graduated as doctors of pharmacy in the National College of Washington. The graduating exercises took place last night in Lafayette Theatre.

State Senator Lewis H. Machen was in our town on Wednesday, accompanied by three beautiful and charming young ladies—Miss Edith Ramsay, of Alexandria; Miss Anna Carr, of Richmond, and Mrs. Louis Scott—who, in a stay all too brief, took in such objects of interest as our town affords.—[Fairfax Herald.

The New Depot.

Work on the new union depot on the south side of Shuter's Hill road, adjoining this city, is being pushed, and the structure is now taking shape. The roof on the main, or southern, portion was being placed in position today. The temporary depot building is virtually completed, and will be occupied, it is said, within the next two or three weeks. It is still believed in railroad circles that the Fayette street track will be removed when trains begin to run around the city. The iron bridges across Braddock road and the electric railway tracks have been placed in position and that over Shuter's Hill road is in an advanced stage. Apart from some minor grading, there is but little to do save the laying of the track.

Theft of Fish.

Mr. E. H. Hammond's fish house on Fishtown was broken open last night and robbed of two half barrels of shad. The theft was reported this morning to Lieutenant Smith and from the information received the officers soon ascertained that the thieves had disposed of half of their plunder to a colored man named Grady, living in Fayette alley. Officers Bettis and Bell subsequently arrested Nep Penn and L. Marye Till on the charge of stealing the shad. Later the lieutenant recovered the remainder of the fish.

Police Court.

Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

George Ford, colored, arrested by Officer Bell for drunken and disorderly conduct, was fined $2.50

Martha Lewis, colored, arrested by Officer Bell for assaulting and beating Lottie Densmore, was fined $5.

Cornelius Welch, arrested by Officers Mayhugh and Patterson charged with disorderly conduct, was dismissed.

Heavy Fines.

Justice Burwell, in the county, on Monday, fined Thomas Wise $500 and sentenced him to serve one year in jail for selling liquor in that county without a license. Lizzie Thomas, who was arrested when the raid on Wise's premises was made, was fined $100 and sentenced to serve six months in jail. This is the second case of illicit liquor selling in the county that has come to the attention of the authorities since Judge Nicol refused to grant licenses here.

Old Dominion Boat Club.

The second annual regatta of the Old Dominion Boat Club will take place next Tuesday, the 30th instant, at 4:30 p. m. All are very cordially invited. Quite a number of events have been arranged, including single and four-oared shell races, double outrigger races, single and double canoe races, swimming races and tub races. The crews are now vieing with each other in their efforts to make the contests close and spirited.

New Buildings.

The foundations for the three brick residences to be erected by the M. Schuler Beef Company on the northwest corner of King and Patrick streets have been prepared. The buildings are to have white pressed brick fronts with marble trimmings, are to be fitted with electric lights, call bells, ranges, water heaters, speaking tubes and all other modern improvements and conveniences.

The schooner James O. Wright, loaded with lumber by H. K. Field & Co., has sailed for Colonial Beach.

Killed by a Train.

Northbound passenger train No. 40 of the Washington-Southern Railway, which arrived here about eleven o'clock last night, struck and killed an unknown white man a short distance south of Fredericksburg. The unfortunate man, it is said, was walking on the track at the time of the accident.

McClure's for June, which has been received from its publishers, in New York, is one of the most attractive issues of the month. In the leading article "The College Athlete" is considered, and how commercialism is making him a professional. Samuel Hopkins Adams in a strong article on "Typhoid" calls it an unnecessary evil. Sir Walter Scott is the subject of the second paper of "Great Masters of Literature," Helen Keller contributes "An Apology for Going to College," which is illustrated with portraits of herself. "The Revolving Year," by Eugene Wood is decidedly clever and the fiction is all to be desired in quantity and quality.

A Disastrous Calamity.

It is a disastrous calamity when you lose your health, because indigestion and constipation have sapped it away. Prompt relief can be had in Dr. King's New Life Pills. They build up your digestive organs and cure headache, dizziness, colic, constipation, etc. Guaranteed at E. S. Leadbeater & Sons' drug store; 25c.

A Good Suggestion.

Mrs. C. B. Wainwright of Lemon City, Fla., has written the manufactures that much better results are obtained from the use of Chamberlain's Colic, Cholera, and Diarrhoea Remedy in cases of pains in the stomach, colic and cholera morbus by taking it in water as hot as can be drank. That when taken in this way the effect is double in rapidity. "It seems to get at the right spot instantly," he says. For sale by Gibson & Timberman and W. F. Creighton & Co.

Tangled Finances.

In the affairs of the Merchants' Trust Company a new financial figure came into view yesterday in New York. He is George E. Fisher, at present under four indictments in the Court of General Sessions of that city for larcenies aggregating $37,500 in connection with the affairs of the Southern Textile Company. Mr. Fisher comes into the affairs of the Merchants' through another deal of his, namely, the Virginia Passenger and Power Railway Company, of Richmond, to which the trust company loaned $1,500,000. This loan was taken up by Helen and Frank Gould about a year ago, and as a result the company got a little longer lease of life. Fisher, when the loan was negotiated, was a director of the trust company Helen Gould is suing Fisher, alleging that she was induced to take over the securities on misstatements.

Big Failure.

Seventy-one banks and trust companies, most of them in Massachusetts, but several situated in various parts of the country, are among the creditors of the banking firm of Burnett, Cummings & Co., of Baltimore, which yesterday filed a voluntary petition in bankruptcy in the United States District Court, with liabilities placed at $1,714,368. The assets are stated to be uncertain, but the creditors have been given to understand that they will not exceed $200,000, if, indeed, they prove to be of any value. The bankruptcy petition is the heaviest ever filed in the Massachusetts district.

Poor Marksmen.

Four pistol shots were fired on a street in Manchester crowded with men, women and children last night and no one was injured. Ross Sutton, a young white man, angry because his salary had been attached by D. L. Toney, a member of the legislature, armed himself and started out to kill Toney. Police Sergt. Wright endeavored to stop him and found himself the target for five shots. He returned the compliment with six shots, while Policeman Moore fired twice and Officer Smith once Then Sutton was knocked down with a club and locked up. Many bystanders had narrow escapes during the fusilade.

New York Stock Market.

New York, May 26.—The trading element bought stocks at the opening and then turned sellers following the announcement of the failure of a small Ohio bank which, coupled with yesterday's news developments, increased the confidence of the bears and made them eager to increase their outstanding lines of short stock. The buying, like that since the beginning of the week, has been far better than the selling so far today, and there is general comment among brokers active on the floor that the day's news has caused little outside liquidation. An idea prevails in usually well informed circles that the good buying may become aggressive. The short interest has been heavily increased as a result of the trading yesterday afternoon and this morning, and some of the larger traders said they believed the bear position had again become dangerous.

Captain Hobson Married.

The wedding of Miss Grizelda Houston Hull, daughter of Mr. and Mrs. George Huntington Hull, to Capt. Richmond Pearson Hobson, U. S. N., retired, took place at Tuxedo Park, N. Y., yesterday afternoon at 4 o'clock, at the residence of Mr. and Mrs. Hull. The ceremony was performed by Rev. William Fitzsimmons, rector of St. Mary's Church, Tuxedo Park, who stood in the center of one of the three arches of flowers, between the conservatory and the drawingroom. In the conservatory stood the specially erected altar, which was covered by a magnificient altar cloth of the period of Louis XIV. The flowers which decorated the altar were sent from Mount Vernon, the home of Washington, by Mrs. Johnson, regent of the Mount Vernon Society. Miss Lucia E. Hull, sister of the bride, was maid of honor, and Lieut. James M. Hobson, jr., U. S. A., brother of the bridegroom, was best man. Among the ushers were: J. A. Blunt, Edward de Graffenried, and L. R. Musgrove, of Alabama; Gen. Curtis Guild, jr., of Boston, and S. R. Bertron and Nikola Tesla, of New York; Capt. Richmond Davis, U. S. A., and Hayne Davis, of North Carolina, all relatives and friends of the bridegroom. Among the presents was the key which locked Capt Hobson in the prison at Morro Castle, Santiago, in a silver box, and a piece of wood taken from the Merrimac, which Capt. Hobson sank. The wedding guests left with Capt. and Mrs. Hobson at 6 o'clock on a special train. Mr. and Mrs. Hobson will pass several weeks in the Adirondacks, after which they will go to Greensboro, Ala., where they will reside.

"I Thank The Lord!"

cried Hannah Plant, of Little Rock, Ark., "for the relief I got from Bucklen's Arnica Salve. It cured my fearful running sores, which nothing else would heal, and from which I had suffered for 5 years." It is a marvelous healer for cuts, burns and wounds. Guaranteed at E. S. Leadbeater & Sons' drug store; 25c.

How to Ward Off Old Age.

This can be done by eating only food suited to your age and occupation, and when any disorder of the stomach appears take a dose of Chamberlain's Stomach and Liver Tablets to correct it. If you have a weak stomach or are troubled with indigestion, you will find these Tablets to be just what you need. For sale by Gibson and Timberman and W. F. Creighton & Co.

FOR OVER SIXTY YEARS

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Strictly Genuine.

Most of the patent medicine testimonials are probably genuine. The following recently appeared in the Aitcheson (Kan.) Globe: "Joe Tack, a well-known engineer, running on the Missouri Pacific between Wichita and Kiowa, lately appeared in a big one, with a picture, and when he was in this office today, we asked him about it. He says he had terrific pains in his stomach, and thought he had cancer. His druggist recommended Kodol and he says it cured him. He recommended it to others who were also cured." Kodol Dyspepsia Cure digests what you eat and cures all stomach troubles. Sold by W. F. Creighton, 401 King street, and corner Queen and Patrick streets.
